And Young Doheny Goes to Pieces in One Inning-Brooklyns Love a Reavy Mitting Match at Philadelphia-Washington Wins

Inability to hit the left-handed pitching of Nops of the Baltimores and a little unsteadiness on the part of Doheny were the principal reasons why the New Yorks were beaten by the champions yesterday. The Brooklyna, with Payne and Daub, lest a hard-hitting game at Philadelphia by one run. The Bostons couldn's find Mercer at Washington and dropped their sixth game out of seven played. It was left to the Pittsburgs to administer the first defeat of the season to the Cincinnatis, who were one run behind at the finish. The Louisvilles continued their surprisingly good work by getting away with the Chicagos in a close contest. St. Louis and Cleveland played a tie game, and Tebeau has yet to capture his first ball. Cincinnati. Philadelphia, and Baltimore are tied for first place this morning, with the Louisvilles close behind. The results: Baltimore, 6; New York, 3,

BALTIMORE, 6; NEW YORK, 3.
BALTIMORE, April 29.—The champions took the New Yorks into camp to-day in an interest ing and well-played contest. The New Yorks lost the game in the fourth inning, when they went to pieces. Wilson and Van Haltren made costly errors and Doheny lost control of the ball. Giving two bases on balls, hitting a batsman, and these, together with a double and a triple, let the Baltimores take a lead which the visitors could not overcome.

Both Doheny and Nops pitched good ball, but the former was wild, giving seven bases on balls and hitting two men, and his free passes proved costly. Note on the other hand was as steady as a cart horse, especially at critical times. He kept the nine hits well scattered and received

kept the nine hits well scattered and received excellent support.

The visitors scored their first run in the second inuing. Gleason singled to centre and Stenzel et the ball roli to the fonce, the Kid going to third and scoring on Wilson's single to left. In the eighth successive singles by Tiernan, Joyce, and Beckley netted them another run. In the ninth Doheny singled to left and immediately pillered second, went to third on Van Haitren's infield single, and scored on Tiernan's force hit. Gleason and Wilson were the only ones to find Nops for more than one hit, the Kid's single coming timely. Davis hurt his finger and Gettig relieved him in the eighth inning. PHILADELPHIA, April 29.—The Brooklyns made their first appearance in this city to-day, and were defeated in a closely played game, which was also characterized by heavy hitting. Both clubs used two pitchers. Payne started in to pitch for the Brooklyns, but was taken out in the third inning and replaced by Daub. The change in pitchers did not check the home team's batting streak, as they hit Daub harder than his prefecessor. Johnson, the Philadelphia's new pitcher, was substituted for Carsey in the third inning. Boyle cleared the bases in the sixth inning by a home run drive to far centre. The score: PHILADELPHIA. Yorkkus, April 29.—An exciting game of baseball
was played on the grounds of Saint Jo-eph's new
Catholic Provincial Seminary. Dunwoodle, this afternoon between a nine composed of priests of the archdiocese of New York and the seminary team composed of students. On the clergymen's leam were
found some of the old star players of Fornham College, Georgetown University. Holy Cross, and
Manhattan College teams. The game resulted
in a victory for the seminary nine after
an exciting struggle by one run. The priests
outplayed their young opponents and had
the game well in hand until the ninth inning, when
the other students lined the base lines and urged
their team on. This rattled the pitcher of the opposing team, and seven runs were scored by the semluarians. The batteries for the priests were the Revs.
Collins of New York, Maher of Sing Sing, and Keane
of St. James's Church, New York, Litchers, and the
Rev. Thomas Murphy of St. Patrick's Cathedral, New
York city, catcher. The total score was: Priests, 29;
students, 21.

CARTERET GUN CLUB MEETING. New Officers and a Number of Honorary Mem-

A meeting of the Carteret Gun Club was held at Delmonico's yesterday afternoon for the pur pose of changing the constitution of the club and creating the office of Vice-President, and making an honorary member list limited to five per

ing an honorary member list limited to five persons. Judge Henry Gildersleeve was elected Vice-President, and the honorary members elected were George Floyd-Jones, R. H. Hunt, W. F. Potter, and G. L. Hubbell.

The management of the affairs of the club was put into the hands of two committees, a Shooting Committee composed of G. S. McAlbin, J. B. Knapp, and H. B. Gilbert, and a House Committee consisting of C. H. Chapin, C. H. Mackay, and W. A. H. Stafford.

Mr. Watrous of the Building Committee reported that the grounds had been fenced in foundations for the house ready, traps were fluished, and the carpenters had started framing the house.

The Treasurer reported that the financial condition of the club was in a satisfactory condition. Five new members were elected, and \$1,000 worth of cups were given to be shot for next season.

"Spike" Sullivan, the hard-hitting Irishman, ha een matched to fight George Dixon at a date not later than the last Monday in June. Dixon and Sullivan met in a resort on Sixth avenue early yesterday morning and signed articles. Dixon, to the surprise morning and signed articles. Dixon to the surprise of all, did his own matchmaking. To show that the men mean business, they each placed \$100 in the hands of Frank Moran, who has been elected temporary stakeholder. They are to weigh in at 133 pounds at the ring side, and the contest is to be for twenty-five rounds to a decision. It is also stipulated that the winner shall receive all the purse. Harry West was a witness for Dixon and Dave Sullivan for his brother. Both boxers have agreed to meet on May 20 to receive ofters for the bout. It was decided to ask all Smith to act as final stakeholder and Jimmy Colvillo of Boston as referes.

The impression prevails that the match will not hold good, as Dixon's manager may not allow him to go out of his class and fight Sullivan, who is considered to be a dangerous man at any weight. Dixon says he is also ready to meet have Sullivan, who knecked out Patey Haley at 115 pounds, weigh in at 30 clock. Dixon fold The Stry reporter that he can reduce as low as this and be strong. Sullivan has accepted Dixon's defi, but wants a rest of a few months before he will fight.

verting repast was supplied free by the management.

The grand entrée and equestrian quadrille, which opened the show, was followed by A. B. de Young in some clever work on the flying rings. The brother act by five club gymasata was well received, and some rare fun was provided by the trick bronco mule. Keown and the Kinney brothers in the "ladders of life" showed exceptional merit, and the quartet at the horizontal bar made a pronounced hit.

Prof. G. A. Salmon and his pupil, S. K. Thomas, did some sensationa tricks on the double trapeze, and J. J. Frawley won fresh laurels as the strong man "Sandscow." There were many other interesting features, such as batteau leaping, a dog circus, human anaconda twists, and a specialty of R. Molineux's simply described on the programme as "Zampilearostations."

The programme included fifteen acts, and most of them would have done credit to professional artists. The Imperial Austrian Military Orchestra furnished appropriate music during the performance, and atterward for an enjoyable wind-up dance in the Club Theatre. Taken altogether the affair was a pronounced success, and is likely to become an established fixture in clubdom. Cyclers, Nyack, Atalauta Wheelmen, Tarrytown.

The racing season opened auspiciously in England on Easter Monday, and at the Pulner A. C. cycling carnival several records were lowered. In a series of time trials be ween C. F. Barden, the English professional champion, and A. Impeus, the Belgium champion, the former, without pacemakers and with a standing start, made a new English record for the mile, his time being 2 minutes 8.2-3 seconds. The previous record in this class was 2 minutes 17.3-5 seconds. Barden also lowered the world's record for the half nile, unpaced and rith a standing start. His time was 40.2-3 seconds, one and a fifth seconds better that the old record. Barden was in splendid form. He lefeated the Belgium rider handlip. The average time in the one-mile events was 2 minutes 10 seconds, which is creditable for the season of the year. Barden's performances were unexpected.

The bleycle riders of the "nickerbooker A. C.

expected.

The blcycle riders of the "blckerbocker A. C. propose to take an active interest in runs and tours this season. It is not the intention to have a racing team as has been reported. Chairman Fitch of the blcycle committee is arranging for a tour to Niagara Falls and the surrounding country on May 29, 30, and 31. It is intended to take the train to the falls and then ride around. A mileage competition has been started in the club. All members riding over 1,000 miles will receive trophies at the end of the season. The competition started on April 15. The records of the leaders up to date are as follows:

9, M. Chamberlain, 382; H. Anderson, 348; E. R. Beilman, 297; E. F. Williams, 292; A. W. Webster, 2004; occupance Sweet, 205; F. L. Wellington, 100; F. H. Meyers, 130; Warren base, 130; S. A. Syme, 131; Otto Elsass, 106; W. A. Wilhers, 101.

The Century Road Club of America, which is the recognized head of road racing in this country, held its annual election of officers by a nail vote. The result announced by the committee is as follows:

The mounted broadsword contest between Jaguarina, who claims the title of "Cnampion Woman at Arms of the World," and Sergeant Zavier Orlofsky, German-American champion, at Dickel's Biding Academy last night, resulted in a dispute and disappointed a good crowd of spectators, many of whom were women. At the close of the lifth round the score stood three points to nothing in favor of Orlofsky, and Jaguarina, who had claimed three fouls which the judge refused to allow, quit, saying that abe was not receiving fair treatment. The contest was to have been for twenty three rounds at plume cutting. Jaguarina then offered to fence for points, but Orlofsky refused.
